

NEE APPEARS IN OPPOSITION TO INCOME TAX

That the provision of the new income tax law that permits a taxpayer to pay the tax in the federal government are not at all worried about what the committee on Federal Relations may recommend to the Legislature was, perhaps, indicated today at the State House when the supply of income tax advocates ran out and opponents were called for.

"If there is anybody here to favor the income tax amendment," said Senator Charles Francis Johnson, "I shall be pleased to hear from those who oppose it."

Nobody appeared to the tax had taken the trouble to come up and tell the committee what they thought of it.

Representative Biley of Malden, who will speak for the tax on the floor of the House later in the year, said this afternoon that he was confident that the committee of standing in the community who favor the income tax should say a word of it to the Federal Relations Committee.

Wildfield, of Woburn, a close friend of William J. Bryan and great admirer of Robert M. La Follette, championed the tax today. The only other speaker was Charles Francis Johnson, who spoke on the reform of the British Royal Army Medical Corps, and on the income tax.

"My income is derived from my own efforts," said Johnson, "and I am not a taxpayer. I am a taxpayer because I am a citizen of the United States. I am a taxpayer because I am a citizen of the United States. I am a taxpayer because I am a citizen of the United States."

"I am a taxpayer because I am a citizen of the United States," said Johnson, "and I am a taxpayer because I am a citizen of the United States. I am a taxpayer because I am a citizen of the United States. I am a taxpayer because I am a citizen of the United States."

LUNCH MEN ASSIGN CAUSE OF DEBILITY

Is to Be Looked for in the Condition of the Blood.

Experience of a Baltimore Man Who Was Badly Run Down From Overwork.

This blood is the most frequent cause of debility. As the supply of blood sent to the brain does not carry sufficient nourishment the patient is dull and drowsy, the nerves become starved and become marked nervous symptoms.

As the blood and nerve control digestion the stomach suffers from lack of food and the patient becomes weak and nervous.

The treatment for this condition is to build up the blood and a blood tonic that also directly strengthens the nerves in the brain. This is the only permanent improvement.

See Dr. Williams' Pink Pills for Pale People. This is the only blood tonic that also directly strengthens the nerves in the brain.

THREE ALL-STAR BOUTS IN RING AT ARMORY A. A.

OR A MORNINGS EAR GIVES DEMAREST A HOT CALL

By ED COGSWELL.

It has been supposed all along the way that the three-Morning match would be a better business proposition than the one after Demarest or the 18-20 battle. But the following remarks by Morningstar put a far different complexion on the affair. This is his opinion:

"Should I be the skier over Hope I stand today to play all corners at from \$10.00 to \$20.00 a side. I am a number of points to be played and the rules of the national tournament in general favor me."

"I will not challenge young Demarest. I believe that he is a better skier than I am, and I have never seen a better skier than he. I believe that he is a better skier than I am, and I have never seen a better skier than he. I believe that he is a better skier than I am, and I have never seen a better skier than he."

Demarest Must Challenge.

"He challenges me that is another question. I will certainly play him. I am willing to play him for \$10.00 a side and give him a handicap of 25-30 per cent. I am willing to play him for \$10.00 a side and give him a handicap of 25-30 per cent. I am willing to play him for \$10.00 a side and give him a handicap of 25-30 per cent."

REALTY SALES REPORTED IN BIG VOLUME

A large volume of sales, including a number of important properties in the city and suburbs, were reported in the realty market today.

The record of activity in the realty market for the month of January shows a falling off from the totals of the corresponding month of last year, but the decrease is only confined to the totals and does not cover the bulk of the volume of the sales that were closed.

The monthly statistics show a large number of important transactions and it is estimated that the volume of sales for the month of January will be about the same as for the month of December.

The following table, compiled by the Real Estate Board, shows the volume of sales in the city and suburbs for the month of January, 1922:

City	Suburbs	Total
